Welcome to Ashton!

This summer a group of artists and citizens in town have been meeting and creating a "Welcome to Ashton" sign to encourage travelers to slow down and come see our lovely city. It has been designed and a company has been chosen after it was put out for bids. The sign will read, "Ashton Welcomes You", with an arrow under it pointing into town and saying, "Your Adventure Starts Here". There will be three signs, one for each entrance; north, south, and east. Most of the funds for the signs have been donated and others are being approached for the rest of the needed money. So keep your eyes open as we hope to have the signs up by fall. This will become a great accomplishment and one more thing for us to be glad that we live in this beautiful city!
