Spotlight:

While we are all very busy hustling and bustling to get ready for the winter months ahead, our youth are just as busy at our **North Fremont High School!** To begin things, October is Breast Cancer Awareness month and our high school students have taken this awareness to a whole new level. At every game fans are encouraged to wear their **Pink**. There is a raffle going on all month for a **Pink Quilt, Pink Volleyball, Pink Duffel Bag, and a Pink afghan**. Drawing will be at the end of the month. Also this week, **Oct. 14-19** is **Paint the town Pink**. The community is encouraged to wear **pink** all week long. Businesses are encouraged to have their windows painted **pink**...if you need help call the school and the students will come and paint your windows for you! This is all in support of **Breast Cancer Awareness month**. We have many in our community who have had breast cancer and many survivors. All proceeds to the events this month go to help those in our area with their needs during their treatments.

The first week of October was a busy one for Alyssa Hawkes, our 2013 Distinguished Young Woman (formally Junior Miss). She spent this summer doing a service project of gathering shoes for orphanages in Africa and South America. In all she was able to gather 1632 shoes from donations in the boxes around town. Thank you to everyone who helped her with this project. At State in Idaho Falls this month she represented Ashton well! She was in the Top Ten and won a scholarship for Self-Expression!

Kiah Bohn is our new president for our Mayor's Youth Advisory Council. She had the opportunity to accompany Mayor Stronks and City Councilwoman Hansen to Boise this summer during the Association of Idaho Cities (AIC) meetings. She was able to gain many tools their of how the youth can be a part of our city government and is ready to get a committee together this month so they can have a voice in our community. She is excited to be involved!

We have 53 seniors this year. One of the biggest senior classes **North Fremont** has seen for a time and it is time for them to get going on their senior projects! The format has changed some and the seniors are required to job shadow 1-4 hours in a profession they are interested in. From nursing to mechanics to entrepreneurial to construction, their options are endless. And we as a community can help by offering our time to help teach our kids what we do every day. One of the seniors, Elna Albano wants to be an interior designer. Her project includes helping get our Home Economics room decorated. She needs cookie jars and other great items to use to decorate with. Also, as this is finally getting organized, they could also use some fabric and quilting materials for sewing. We are all excited about finally having Home Economics at North Fremont! We hope we can help them get the materials they need to learn their stuff!

Our youth are amazing! We at the Ashton Area Chamber of Commerce are pleased to highlight our youth and their efforts to become the best they can be and to be as successful as they want to be with a lot of hard work and dedication. We encourage the businesses to open their doors as the seniors come knocking for advice and help them with their senior projects, being **Pink** for Breast Cancer Awareness month, and encouraging them to be more involved with our city government and community! **Go Huskies!**
