**Spotlight:** *Geotourism sustains and enhances the geographical character of a place – its environment, heritage, aesthetics, culture, and the well-being of its residents.*

Your Ashton Area Chamber of Commerce is excited about the Teton Geotourism Center because the main idea of the center is to publicize businesses and activities within an hour drive. Our Ashton Area businesses fit within their idea!

The Teton Geotourism Center (TGC), located in downtown Driggs, Idaho, opened August 1, 2014, to serve the people and communities located along the Teton Scenic Byway, which runs from Ashton to Swan Valley. The TGC is the first geotourism center in the world, and serves as a vibrant visitors center, providing travel resources and free WI-fi for tourist, 24/7. During business hours, the TGC is staff by local volunteers who answer questions and help visitors with itinerary planning.

The TGC is also home to beautiful, interactive exhibits that tell stories of the history, natural assets, and lifestyles along the Teton Scenic Byway. These exhibits were created by a team of community volunteers from all five Byway communities, and include highlights of our local history, recreational activities, industry, culture, and natural beauty. Five gorgeous painted murals set the scenes for several exhibits, and more than 200 photographs by local photographers portray our unique environment.

The TGC is open Monday - Friday 9:00 – 5:00; Saturday 10:00 – 4:00; and Sundays noon – 4:00. Bring your family to enjoy the activities and informative videos and educational content.

Call 208 354-2607 for more information, and to schedule school field trips and intimate gatherings.

*We as your Ashton Area Chamber of Commerce would like to encourage the businesses and other organizations to provide rack cards or brochures of your place so that it can be available for the tourists that visit the TGC and will encourage people to come this way during their vacation. Word-Up Designs is willing to create a rack card for a discount to those who are Ashton Chamber members.*
